EXPERIENCE

Vighnotech   **Nov 2024 – Present**
Full Stack Developer   *Mumbai, India*

- **Developed and maintained modules within an educational ERP system** using **Next.js**, **Prisma**, and **PostgreSQL**, contributing to sections like CRM, Student Library, and Admission Forms to ensure seamless data flow and process automation.
- **Collaborated on the enhancement and customization of core ERP functionalities** such as Academic Admin and Alumni Section Admin, leveraging **TanStack Query**, **TanStack Table**, and **ShadCN UI** components to improve administrative efficiency. Integrated rich text and calendar tools such as **React-Quill** and **React Big Calendar**, along with dashboards built using **Recharts** for analytical insights.
- **Developed and implemented an "Auto Certify Software"** for meter testing using **React**, **Node.js**, and **PDF generation**, automating certificate creation and reducing manual processing time by approximately 30% for rickshaw and taxi meters.
- **Built and deployed responsive landing pages** for company services such as Marketing and Incubation using **Next.js**, and **Framer Motion** enhancing engagement through animations and interactive UI components.
- **Collaboratively developed the TNP Admin site** end-to-end, optimizing workflows and integrating it with ERP modules.
- **Designed and implemented the Question Paper Generator module** using **Next.js**, **Prisma**, and **SQLite** and integrated **Logger** for backend tracking.

PROJECTS

Chatapp ↗

- Developed **Chatapp** a real-time chat application enabling seamless communication between users, with features like instant messaging and dynamic user interactions.
- **Tech Stacks:** React Js, Tailwind CSS, JavaScript,Typescript, Redux, React Toolkit, Socket Io.
- Implemented advanced functionalities including friend addition, group creation, member removal, and image uploads, enhancing user engagement and collaboration within the application.

MERN Store ↗

- A **store for T-shirts, Sweatshirts, Hoodies** using React, Redux Tool-Kit
- **Tech Stacks:** HTML, Tailwind CSS, JavaScript, React Js, Redux, React Toolkit.
- Designed and implemented seamless functionality for adding products to the cart, streamlined order and checkout processes, and organized products into categories for an efficient and user-friendly Ecommerce experience.

EDUCATION

Shree L.R Tiwari College Of Engineering   **2020 – 2024**
*B.E - Computer Science - **Percentage - 79.03%***   *Mumbai, India*

N.G.K Gokhale High School   **2018 – 2020**
*H.S.C - Science - **Percentage - 70.46%***   *Mumbai, India*

TECHNICAL SKILLS

Languages: Java, JavaScript.
Developer Tools: VS Code, Git.
Technologies/Frameworks: HTML, CSS, ReactJS, Redux-ToolKit, NodeJS, ExpressJS, Mongo, Mongose, Tailwind CSS, TypeScript, Prisma, Tanstack Query, ShadCn Ui, NextJS, SQL, Docker.
Problem Solving: 100+ coding problems solved on Leetcode.

CERTIFICATIONS

- Introduction to Front-End Development (Coursera)
- Learning Java (LinkedIn Learning)
- Frontend Developer (React) Certificate (HakerRank)
- React (Basic) Certificate (HackerRank)
- ReactJS for Beginners (Simplilearn)
